Roof tent Overland is a fabric tent with folding system. The ladder on the base plate allows quick and easy opening of the tent. Ladder slippage is prevented by the Automatic Ladder Security System (ALSS). The reinforced aluminum ladder is easy to use and extendable up to 225 cm in length. The windows are equipped with eaves, mosquito netting and double rollers, so they are resistant to wind and rain.

The Overland - special fabric has properties that meet even strict military requirements. The fabric is thick, durable and breathable. Neither in the wind nor in a morning breeze it flutters or produces noise, ensuring undisturbed nights and a peaceful awakening. The fabric provides excellent blackout.
