SLEEPING SYSTEMS

Mattress

MADE IN GERMANY

NEW 2023

Suspension

Support grid

Underspringing bends
Tension before and
relieves pressure.

Retrofit sleep set for VW T5/T6.0 California

- The sleeping set consists of mattress, slat base and support grid
- Higher sleeping comfort due to comfort slatted base
- Quality mattress with 48kg/cbm density
- Has a pressure-relieving effect and prevents tension
- Mattress cover: top side made of double cloth, bottom side made of breathable Airmesh fabric, washable at 30 ° C

The slatted frame in your vehicle serves as the basis for the new bed system and does not need to be removed. Simply remove the old mattress, unroll the support grid and the slat base, fix it, put the new mattress on it. Ready! The support grid prevents the springs from slipping through the slatted frame. The spring mat provides pressure-relieving support. This can prevent tension and one-sided stress. The open, air-permeable cells provide perfect ventilation and an optimal sleeping climate. Total height only 7 cm. High quality PUR cold foam core mattress, firmness level: medium firm. Scope of delivery: 1 support grid, 1 spring mat (height 3 cm), 1 mattress (thickness 4 cm), 25 Velcro connectors, weight: 10.9 kg.

492 LIVING COMFORT

Dreams come true in the smallest space

Froli sleep systems promote healthy sleep while saving an enormous amount of space and weight. By subsequently clipping in tensioning crosses, the degree of hardness can be increased in various areas if desired, e.g. for lumbar support. The support is a standard mattress, preferably cold foam or latex.

- In a handy **basic package** is a complete kit for the standard dimensions of berths in touring vehicles.
- The Froli **Extension package** supplements missing elements in case of deviations from standard dimensions.

Ideal sleeping system for low heights, slopes, curves and angles

For all berths in touring vehicles (ideal for alcoves and lift beds), boats or bunks. Curves and slopes can be perfectly filled by twisting or using half elements (not included). Installation height: 33 mm, weight: 2.6 kg per m² cushioning up to 25 mm

Basic package

up to bed size 70 x 200 cm
