Gas detector in compact format

CARBEST
INNOVATIONS FOR MOBILE LIFE

① GasStick - USB gas detector

- Warns of propane/butane gas (LPG) and narcotic gases
- Easy installation via USB port in the vehicle
- Can also be operated e.g. via a powerbank and thus be used mobile
- Very low power consumption:

Standby: 20 mA / Alarm: 22 mA

The extra-compact GasStick is powered via a USB port (USB 2.0) in the vehicle and, thanks to extremely high-quality and small MEMS technology (Micro-Electro-Mechanical Systems), reliably warns of propane, butane gas (LPG) and narcotic gas. An integrated LED indicates the device status. Acoustic warning signal: ca. 70 dB. The minimalist design and uncomplicated installation make the GasStick a mobile gas detector for any energy source with a USB connection. Insensitive to temperature fluctuations and humidity. Dimensions: LxWxH ca. 7.7 x 28 x 10 mm.

①

② GasCubeTwin

Equipment identical to above mentioned GasCube, but with connection possibilities for two optional additional sensors. These detect the gas concentration in the air just as effectively as the main sensor and bring additional safety in the event of rising and falling gases. Cable length is 2.7 m. There are 3 possible combinations of the additional sensors:

1. 2x sensor for detection of CO gas (carbon monoxide)
2. 2x sensor for detection of LPG gas/narcotic gas
3. 1x Sensor CO gas + 1x sensor LPG gas/Anesthetic gas Color: Matt anthracite

802483

GBA-I

- Detects KO/Anesthetic Gas, Propane & Butane
- Integrated sensor and buzzer
- Operation also at 230 V
- Automatic sensor self test
- Temperature compensation
- E1 Type approval

Technical data: Power supply 12/24 V DC, current consumption ca. 70 mA, sensitivity from 50 ppm, alarm tone ca. 90 dB (internal siren), temperature range -10°C to +80°C, weight ca. 50 g.

Scope of delivery: GBA-I, connection cable for 12 V, mounting material, manual, alarm sticker

Power supply 230V f. GBA-I	80237	29,-
Universalanschlusskabel f. GBA-I	80236	26,-

G.A.S. plug "all in one"

- Detects KO/narcotic gases, propane and butane
- Integrated sensor and buzzer
- Operation in cigarette lighter
- Automatic sensor self test
- Temperature compensation
- E1 Type approval

Technical data: Current consumption ca. 70 mA, sensitivity from 50 ppm, alarm tone ca. 85 dB (int. Siren), temperature range -10 °C to +80 °C

Scope of delivery: GAS-plug, manual, alarm sticker

80200	97,-
--------------	-------------

Radio connection to WiPro III

Additional sensor (optional)

Auxiliary siren (optional)

CO sensor (optional)

- Gas detection according to DIN EN 50194-2
- Gas detection according to DIN EN 50291-2 (CO version)
- CI bus capable
- Detects propane and butane, anesthetic gases or Carbon monoxide (depending on equipment)
- Permanent compensation of

- temperature and humidity
- Internal siren 94 dB
- Regular self-test to determine functionality
- Alarmoutput/siren output
- Auto Sense Input
- LED display for both sensors

Thitronik G.A.S.-pro III - CI bus capable

The G.A.S.-pro III is a modular gas warning system for permanent installation in your vehicle and reliably warns you of gas poisoning and narcotic gas attacks, with integrated siren and radio unit. The G.A.S.-pro III is available in two basic setups: with integrated liquid gas/stun gas sensor or with integrated CO sensor. Both variants can be combined with an additional gas or CO sensor. The internal siren sounds at a piercing 94 dB, and an integrated humidity sensor optimizes the already precise measurement in the event of high humidity in the vehicle or breathing air in the direct vicinity of the sensor. Precise temperature adjustment is mandatory. In addition, an alcohol filter function eliminates false alarms caused by alcohol in the air. Thanks to the integrated radio unit, the G.A.S.-pro III communicates with the WiPro III alarm system without additional wiring.

Technical data:

Current consumption: 9 mA (CO)/26 mA (liquid/KO gas), sensor inputs: 1 internal, 1 external, sensitivity: 50 ppm (CO) 700/1400 ppm (butane), sound pressure: 94 dB (internal siren), temperature range: -20°C - +60 °C, dimensions: (W x H x D): 61 x 97 x 35 mm, weight: 74 g.

G.A.S.-pro III - CO(carbon monoxide)	80256	279,-
Co-sensor	80223	99,-
Additional sensor	80257	65,-
Auxiliary siren	80222	39,-

Thitronik G.A.S.-pro

- Detects KO/narcotic gases, Propane and butane
- Carbon monoxide sensor w(optional)
- Concealed mounting possible
- External sensors for optimal placement
- Up to 3 sensors connectable
- Siren and alarm output
- Connection for external LED (operation indicator)
- E1 Type approval

Technical data:

Current consumption ca. 85 mA per sensor, 3 sensor inputs, sensitivity from 50 ppm, sound pressure ca. 85 dB (int. Beeper) ca. 110 dB (ext. Siren), temperature range -10 °C to +80 °C, dimensions (W x H x D): 101 x 39 x 91 mm, weight: 223 g

Scope of delivery:

Central unit, sensor for anesthetic gases, propane and butane, mounting material, manual and alarm sticker

G.A.S-pro	80220	159,-
Zusatzsensor	80221	65,-
CO sensor	80223	99,-
Auxiliary siren	80222	39,-
Back up siren	80219	49,-
External LED , as operation indicator when G.A.S.-pro control panel is mounted in concealed position.	802201	15,-

Please note the installation of the gas detectors.

Anesthetic gases are lighter than air, so mount sensors slightly above sleeping height.

Butane/propane gas and carbon monoxide (CO) is heavier than air, so mount sensors slightly below sleeping height.

① GasStick - USB gas detector

- Warns of propane/butane gas (LPG) and narcotic gases
- Easy installation via USB port in the vehicle
- Can also be operated e.g. via a powerbank and thus be used mobile

• Very low power consumption: Standby: 20 mA / Alarm: 22 mA

The extra-compact GasStick is powered via a USB port (USB 2.0) in the vehicle and, thanks to extremely high-quality and small MEMS technology (Micro-Electro-Mechanical Systems), reliably warns of propane, butane gas (LPG) and narcotic gas. An integrated LED indicates the device status. Acoustic warning signal: ca. 70 dB. The minimalist design and uncomplicated installation make the GasStick a mobile gas detector for any energy source with a USB connection. Insensitive to temperature fluctuations and humidity. Dimensions: LxWxH ca. 77 x 28 x 10 mm

80267 74,95

② GasCube - Gas detector in noble design

- Warns of propane/butane gas (LPG) and narcotic gases
- Visual and audible indication of operational readiness, calibration phase and alarm

Fixed connection to 12 V on-board power supply. Pressure switch. Ready for operation after ca. 3 minutes. With high sensitivity sensor and 80 dB loud siren. Temperature-controlled sensor that works reliably even above 25°C. Power consumption in standby: 100 mA, power consumption in alarm: 180 mA. Mounting: about 100 cm above the ground. Dimensions: 55.6 x 86.7 x 24 mm. Color: Matte white

802482 64,95

③ Counter display with 10x GasCube

④ GasCubeTwin

Equipment identical to above mentioned GasCube, but with connection possibilities for two optional additional sensors. These detect the gas concentration in the air just as effectively as the main sensor and bring additional safety in the event of rising and falling gases. Cable length is 2.7 m. There are 3 possible combinations of the additional sensors:

1. 2x sensor for detection of CO gas (carbon monoxide)
2. 2x sensor for detection of LPG gas/narcotic gas
3. 1x Sensor CO gas + 1x sensor LPG gas/Anesthetic gas

Color: Matt anthracite 802483 69,95

⑤ Additional sensor CO gas (Carbon monoxide) 802484 29,90

⑥ Additional sensor Propane/Butane Gas (LPG) 802485 29,95

⑦ LPG gas detector at TOP price

Reliably warns of gas leaks, acoustic alarm 85 dB, mounting height for butane/propane gas detection ca. 20 to 40 cm above the floor. 12 volts, current consumption 100 mA. Temperature range -10/+50°C. Dimensions 115 x 70 x 60 mm. Scope of delivery: LPG gas detector, mounting material

80216 29,95

⑧ 2 in 1 combi gas detector

- Detects various fuel gases, natural gas, LPG and Carbon monoxide
- 2 integrated sensors
- Self-test function, audible and visual alarm
- Suitable for wall mounting

Operating voltage: DC 12 Volt, temperature range: 0°C ~ +50°C

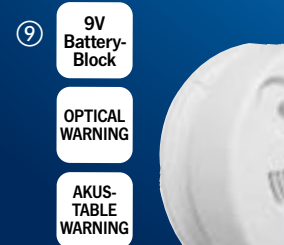

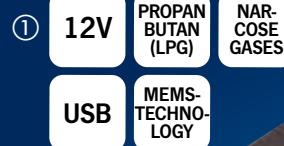

Alarm sound signal: 85 dB/3 m, LPG gas alarm: sound continuous

Dimensions: 118.5 x 82 x 43 mm 80218 36,95

⑨ Smoke detector with battery operation

- Monitoring range 20 m²
- 9 V block battery included
- With test button for function test

Alarm as sound and light signal, volume >85 dB/3 m, sensitivity 2.06 %/ft. Monitoring area 20 sqm. Dimensions Ø 128 x 38 mm. Standard DIN EN14604,UL217. Battery life ca. 1 year. 80299 14,95

Power supply via 9V block

12V

Gas Detector "BMTG" 12 V LPG and narcotic gas warner

Reliably and quickly detects LPG and narcotic gas and triggers an audible alarm (85 dB) even at low gas concentrations. Also fits into the mounting frame "Berker Integro". The average life of the sensor is 10 years. Voltage 12 V DC, consumption: 75mA. Audible alarm signal ca. 85 dB. Supplied with mounting frame. Dimensions 119 x 60 mm.

Gray	802030	104,-
Brown	802040	104,-

12V

Gas Detector "BMTCO" 12 V carbon monoxide detector, warns of exhaust fumes in the vehicle

Reliably and quickly detects carbon monoxide and triggers an audible alarm (85 dB) even at low gas concentrations.

Also fits into the mounting frame "Berker Integro". Voltage 12 V DC; Consumption: 15mA. Acoustic signal at alarm ca. 85 dB. Supplied with mounting frame. Dimensions 119 x 60 mm.

Gray	802050	144,-
Brown	802060	144,-

TriGas alarm for propane/butane/KO gas

- Warns about anesthetic gases
- Visual and audible indication of operational readiness, calibration phase and alarm

Fixed connection directly to body battery. Pressure switch. Ready for operation after ca. 1 min. With high-sensitivity sensor and ca. 80 dB loud siren. The TriGasAlarm checks the function of the sensor each time it is switched on and automatically calibrates itself to ambient air and temperature. In addition, the intelligent electronics carries out the following steps every 40 sec. performs a calibration check and adjusts it if necessary. The TriGasAlarm has temperature guidance and compensates for differences so that the detection of hazardous gases works reliably even at temperatures above 25°C. LED display: Green (flashing) = calibration phase, Green (continuous) = everything OK, Red (flashing) = 20 sec. Pre-alarm without sound, red (continuous) = alarm + continuous alarm sound (loud = ca. 80 dB)

	80247	109,-
Optional additional sensor (not shown)		
Placed 10 cm below the ceiling		
	802470	49,-

12V

GAS ALARM P100

- Type tested for motorhomes, caravans and dwellings
- With sensor for liquid gas (butane/propane) and town gas/natural gas (methane)
- Immediately warns of gas leakage, long before a dangerous concentration of gas in the air is formed
- Loud alarm sound and red alarm light
- Green operation indicator and self-test function
- Easy mounting (wall mounting)
- Operation at 230 volts with additional power supply unit (accessory)

P100, with switching output 12 V DC, which can be used to activate additional devices such as fans, alarm system, GSM module and other signal transmitters

751411 99,95

Response thresholds:

Methane (town gas/natural gas) 0.4000 vol
Butane (liquefied gas) 0.2050 % by volume
Propane (liquefied gas) 0.2400 Vol. %

Technical data:

Operating voltage: 12 V DC (-10% / +20%)
Current consumption: max. 250 mA
Alarm volume: 85 dB (A) / 1 m
Dimensions: 60 x 90 x 31 mm (W x H x D)

12V
24V

DOMETIC OUTDOOR

MagicSafe MSG 150 gas detector

- Can be used as a standalone device
- Automatic adjustment to the room air
- Can be switched on if required (saves energy)
- Automatic self test

The MSG 150 gas detector detects all common narcotic gases in the room air before their narcotic effect occurs. Alarm indication via red LED or signal tone.

80202 135,-

12V

AMS Gas Combination Alarm Device Compact

- Ideal for use in caravans, motorhomes or truck cabs with a small volume of space
- Warns about liquid gas and anesthetic gas
- For detection of propane, butane, methane gases and anesthetic gas (KO gas holdup)
- Dangerous anesthetic gases are detected even at the lowest concentrations, well before they develop their anesthetic effect
- Low power consumption in normal operation of ca. 90 mA, 12 V

Response thresholds:

Butane ca. 0.4 % / propane ca. 0.5 % / methane ca. 0.8 % / anesthetic gas from ca. 100 ppm.

Display:

LED yellow = start-up phase / LED green = operating display / LED red = (3 x) for alarm message, Acoustic warning signal via electric siren with a volume of 85dB (A)
Dimensions: W 115 x H 90 x D 30 mm.

80210 127,90

CAN bus radio alarm system for VW T6.1/T6, Fiat Ducato, VW Crafter/MAN TGE

- Easy installation through vehicle-specific basic alarm kits
- No complex cabling necessary thanks to wireless sensors
- Combine optional wireless sensors as required, up to 55 sensors can be connected

The basic alarm kits are optimally matched to the respective vehicle type. Combine the basic alarm kit with up to 55 wireless alarm sensors as needed. The sensors send a permanent radio signal to the CAN bus adapter and thus ensure constant vehicle monitoring. Operate the alarm system with the remote control of your original vehicle key or via the optionally available radio remote control. Secure windows, doors and storage flaps of your motorhome or camper with the optional wireless alarm sensors.

Vehicle-specific CAN bus basic alarm kits

- For VW T6.1/T6, Fiat Ducato, VW Crafter/MAN TGE
- Can be combined with up to 55 wireless alarm sensors (optionally available)

Technical data: Power supply: 12V, frequency: 433.92 MHz, current consumption with alarm on <15mA, operating temperature -30° C - +70° C, volume 118 dB.

Scope of delivery: CAN bus basic alarm kit, vehicle-specific cable set, siren, mounting material, operating instructions.

Mounting: The external siren is mounted in the engine compartment using a vehicle-specific bracket. The basic alarm kit is mounted in the dashboard, the wiring is connected to existing vehicle cables (in different places).

For VW T6.1 / T6 from My. 2015	47491	199,-
For Fiat Ducato / Citroën Jumper / Peugeot Boxer / Iveco Daily from My. 2011	47490	199,-
For VW Crafter / MAN TGE from My. 2017	47492	199,-

Fig. similar to

Combine wireless radio sensors as required

Wireless window sensor with integrated pressure switch

- Securing motorhome display windows
- No counter contact necessary due to pressure switch technology
- Including 3 adapter plates for mounting on windows from Dometic, Polyplastic and other manufacturers

The adapter plate is screwed to the window frame. Scope of delivery: wireless window sensor, 3 adapter plates, Battery and mounting accessories

47482 47,95

Radio magnetic contact for securing doors, storage flaps, roof hatches or windows

The radio magnetic contact is screwed to the flap/door and frame. 2-piece incl. batteries and mounting accessories.

47481 47,95

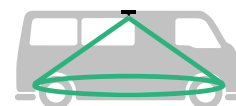

360° Radio Infrared Indoor Sensor

- Sufficient for all living space monitoring for vans, and small motorhomes without the need for additional sensors
- Suitable for ceiling mounting, very compact and hardly visible

PIR technology (Passive Infrared Sensor): Sensors register the infrared radiation or heat emitted by objects. When a sharp increase in room temperature is perceived, the system triggers the alarm.

47483 69,95

Wireless motion sensor / theft sensor

- Attached to objects outside the vehicle (e.g. bicycle). If the object is moved, the main alarm unit is triggered.
- Hidden mounting possible

47484 64,-

Radio remote control

- For activating/deactivating the alarm system with multiple users

47485 47,95

WiPro III + WiPro III safe.lock

CAN bus radio alarm systems for motorhomes

- Simple, intuitive handling: vehicle locked/alarm armed
- Radio magnetic contacts without cable!
- Stay in the vehicle possible without deactivating sensors
- Panic alarm function
- Control of the alarm control panel via radio hand-held transmitter or converted vehicle radio key (optional)
- Easy add 2.0: Subsequent coupling of radio accessories via radio handheld transmitter or car doors
- Up to 100 radio modules can be coupled
- Up to 75 meters radio range
- Copy-proof due to over 4 billion codes
- Protection from replay attacks
- Jammer detection "anti-jamming"
- Remote alarming and locating with Pro-finder
- Optical alarm possible by means of Alphatronics ONE SAT system

Technical data:

Current consumption ca. 11 mA, power supply 12/24 V, alarm tone ca. 102 dB Weight of control panel: ca. 90 g, dimensions of control panel (W x H x D): 80 x 80 x 29 mm

Scope of delivery:

WiPro III or WiPro III safe.lock control panel, radio hand-held transmitter 868, radio magnetic contact black 868, wiring harness, installation material, manual

WiPro III safe.lock For Fiat Ducato, Citroën Jumper, Peugeot Boxer, Iveco Daily as of 2006 **470904 479,-**

For Ford Transit from My. 2019 Switch lock can be activated in the vehicle **470914 479,-**

- ✓ Teach-in mode for radio modules
- ✓ ...and many more functions

*The Thitronik app can only be used in conjunction with the networking module or Pro-finder.

Accessories for WiPro III + WiPro III safe.lock + WiPro easy:

① NEW: NFC module

The NFC module mounted on the inside of the vehicle window serves as a virtual key for arming and disarming your alarm system using a transponder card or with the accessory NFC tag (key fob), wristband or compatible credit card. The perfect control solution for WiPro III, WiPro III safe.lock and WiPro easy alarm systems. Owners of a WiPro III safe.lock can additionally access your central locking system and unlock and lock your vehicle without a key. The NFC accessory is encoded with a security code and uses MIFARE DESFire ev2 technology for maximum security. Scope of delivery: NFC module, batteries, transponder card. **Available end Q1/2023.**

WiPro easy - wireless alarm system for caravan owners and self-builders

- Easy installation with proven Thitronik safety standard
- Radio magnetic contact included (1 piece)
- Expandable by up to 8 radio components
- Operation via radio handheld transmitter
- Audible warning with 105 dB volume

The 12V alarm system is easy to install and offers the proven THITRONIK® security standard. With the included wireless handheld transmitter, the alarm system can be armed/disarmed and panic alarm can be triggered. A radio magnetic contact is included in the scope of delivery. Visual warning when windows or roof hatches are still open (vent check easy). Siren with 105 dB volume and panic alarm function. The system can be expanded by up to 8 additional radio components, including the new NFC module (see page 400).
Scope of delivery: WiPro easy control panel, radio hand-held transmitter 868 (loud/silent), Radio magnetic contact 868 black, siren, status LED, connection cable, quick start guide, mounting material, warning sticker.

470911 299,-

Networking module for WiPro III

- Control of the WiPro III via Bluetooth
- Control central locking via smartwatch and smartphone (only in conjunction with WiPro III safe.lock)

This module couples the smartphone with the WiPro III alarm system via app and Bluetooth in the vicinity of the motorhome and the authorized user can conveniently arm or disarm at any time. With a WiPro III safe.lock, which also accesses the existing central locking system, the vehicle can be opened and closed without a vehicle key and hand-held transmitter. The networking module can also be integrated into an already installed Pro-Finder positioning system.

Technical data:

Operating voltage 12/24 V, dimensions (W x H x D) 52 x 56 x 25 mm

470910

129,-

Pro-finder: Locating solution for WiPro III / WiPro III safe.lock and as "stand alone" locating system

- Receive alarm messages via SMS or phone call
- Locate stolen vehicle
- Can also be used without alarm system
- Remotely control alarm system via SMS or call
- Geofencing (virtual fence) through WiPro
- Easy add 3.0: Subsequent pairing of Radio accessories via app
- Low monthly costs (only SIM card fees or pre-paid card)
- Integrated GPS receiver & GSM antenna
- Voltage monitoring
- Integration of Büttner electronics

Technical data: power supply: 12/24 volts, current consumption transmit: ca. 40 mA, current consumption stand-by: ca. 25 mA, transmission frequency: quad band, number of destination numbers: up to 10, interface: RJ10 (input for WiPro), outputs: 2 x open collector (max. 0.5 A), weight central: ca. 110 g, Central unit dimensions (W x H x D): 103 x 96 x 30 mm
Scope of delivery: Pro-finder with cable set, mounting material, manual.

472176

479,-

Accessories for Pro-finder:

- ① **Switch-off device** For decommissioning the vehicle.

80259 35,-

- ③ **GSM antenna (2m cable):** Provides a secure cellular connection in areas with weak reception. Is screwed to the antenna socket instead of the rod antenna.

472178 66,-

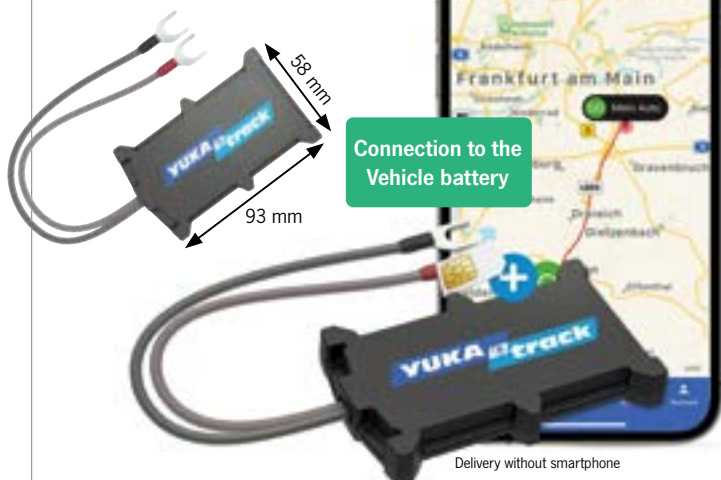

- ④ **GPS-pro (external GPS)**

Used when the internal GPS receiver of the Pro-finder is covered by metal parts, for example, and therefore has no reception. Cable length: 2 m

Data flat rate throughout Europe

GPS tracking complete set easyWire for direct connection to the vehicle battery

- Position acquisition via GPS and GLONASS
- Precise, worldwide real-time location of vehicles via GPS
- Easy installation directly to the vehicle battery (10-32 V)
- Includes SIM card and Europe-wide data flat rate for 12 months, after which renewal is subject to a charge via app
- No contract commitment, no hidden additional costs
- Free YUKAtrack app for all iOS and Android smartphones
- Integrated rechargeable battery (3.7V, 45 mAh) for short-term mobile use

GPS tracking box including SIM card and free app.

YUKAtrack - all in one package! Suitable for car, camper, van and truck.

List of countries and available languages: Albania, Austria, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Macedonia, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, United Kingdom.

Technical data: SIM: Nano SIM, Memory: 128 MB internal flash memory, Integrated battery: 3.7V, 45 mAh, Data: EU data flat rate for 12 months.

Scope of delivery: 1x YUKAtrack GPS Tracker including SIM card with data flat for 12 months in Europe, 1x Quick Start Guide. (Delivery without smartphone)

47056 119,-

GPS tracking complete set with on-board diagnostic interface (OBD2)

- Position acquisition via GPS and GLONASS
- Precise, worldwide real-time location of vehicles via GPS
- Easy installation via OBD2 interface of the vehicle
- Includes SIM card and Europe-wide data flat rate for 12 months, after which renewal is subject to a charge via app
- No contract commitment, no hidden additional costs
- Free YUKAtrack app for all iOS and Android smartphones
- Power supply: 10-32 V
- Integrated rechargeable battery (3.7V, 45 mAh) for short-term mobile use

GPS tracking box including SIM card and free app. YUKAtrack - all in one package! Suitable for car, camper, van and truck.

Security locks for cab doors

- Secure radial lock including keys
- Anodized aluminum slider and lock base
- Lock with high strength steel cylinder
- Stainless steel screws
- Chic look
- Drill resistant core for added strength

Fiat Ducato 8 from My. 09/21

For panel vans and motorhomes, mounting on the cab doors inside. Left and right keyed alike. Dimensions: L165 x W155 x D65 mm, weight: ca. 1 kg. Scope of delivery: 2x lock with mounting hardware and 3 keys.

464353

199,--

Fiat Ducato My. 2006-2021

For panel vans and motorhomes, mounting on the cab doors inside. Left and right keyed alike. Dimensions: L180 x W165 x D45 mm, weight: ca. 0.9 kg. Scope of delivery: 2x lock with mounting hardware and 3 keys.

464354

189,--

Universal surface-mounted lock for sliding and rear doors

Mounting on camping buses and vans possible.

Dimensions: L180 x W165 x D45 mm, weight: ca. 1 kg. Scope of delivery: 2x lock with mounting material and 3 keys, incl. mounting template.

464355

209,--

Universal lock for body doors

External locking by key, locking and unlocking from the inside via rotary lever. Mounting possible on all motorhomes and caravans. For mounting the rotary lever, there must be a distance of min. 16 mm inside next to the door. Dimensions: L250 x B140 x D50 mm, weight: ca. 1 kg. Scope of delivery: 1x lock with mounting hardware and 2 keys

464350

124,--

Universal installation lock for luggage flaps

Can be mounted on all motorhomes and caravans.

Door safe for Ford Transit from My. 06/2019 (passenger side)

Specially developed for the passenger door of the Ford Transit from year of manufacture 06/2019. The safe is mounted in the door compartment with a mounting plate that can be locked and is not visible from the outside. The lid is protected from prying because there are no attachment points. The safe is equipped with a 3-bolt lock with 7 tumblers.

External dimensions: WxHxD 275x70x165 mm,
weight: ca. 3.5kg. **471350 249,-**

Sting protection plate for Eurochassis door handles such as Fiat Ducato, Citroën Jumper, Peugeot Boxer from My. 06

The stab protection plate is mounted between the door handle and the vehicle body. Suitable for driver, passenger door and sliding and rear door. It prevents the lock mechanism under the door handle from being pried open (e.g. with a screwdriver). Made of sturdy stainless steel, accurately mimicking the contour of the handle. Fastening via the mounting holes of the recessed grip, no separate holes in the door necessary. **47010 36,90**

MARTEN PROTECTION

Marten STOP&GO secures your car, house and yard from pesky martens -
Over 30 years of defense experience with innovative solutions

* Use biocides safely. Always read the label and product information before use.

Scent Mark Remover Special Cleaning Foam - For Pretreatment

- Well adherent effect foam
- Simplest handling
- Harmless for electronics, plastic, rubber and paint

Strongly recommended before any marten repellent measure!
Removes the scent mark of the marten. This means that a risky engine wash can be avoided. When the engine is cold, spray the entire engine compartment and the inside of the hood and fenders with the entire contents and allow to react briefly. Simply rinse with water.

Spray can, 300 ml 903945 10,20

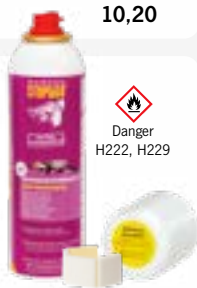

Anti-marten spray Intensive active ingredient - fragrance concentrate*

- Long-term effect, lasts up to 2 years
- Monthly scale for marking the next re-spraying date
- Clean engine compartment thanks to fragrance reservoir

Marten repellent for spraying. Concentrate with long-term effect, smells "dangerous enemy" for the marten. Spot, regular application to the enclosed self-adhesive "scent stores" is sufficient.

Spray can, 200 ml 9039452 17,95

2-speaker ultrasound machine

- 2 waterproof piezo speakers
- Ultrasound with frequency modulation
- Simplest installation (ready wired)
- On-board power supply, maintenance-free
- Function indicator light, flashing or steady LED
- CAN data bus suitable, E1 marking of the KBA

With 12 V on-board power supply. Frequency-modulated ultrasonic sounds that signal "maximum danger" to the marten through animal cries of fear and warning. Avoidance of sound shadows due to two loudspeakers. Ideal for narrow and compactly installed engine compartments. Note: Ultrasound does not penetrate matter.

Technical data: Radius of radiation: 360°, Angle of radiation: 2 x 160°, Sound pressure: ca. 105 dB

9039453 107,50

STOP&GO Accessories:

Mounting bracket:

- For all STOP&GO marten repellent devices
- Simplified installation of all STOP&GO devices
- Mounting of the marten repellent device in the Engine compartment with only one screw
- Individual alignment of the ultrasound
- Mounting material included

9039459 9,95

High temperature protection hose

- Inner diameter 12,50 mm
- Packed in shipping tube of 4 x 0.50

Universal glass fabric aluflex hose for cables on catalytic converter, lambda probe and soot particle filter. Extremely heat-resistant protective hose, effectively shields heat from up to 800 °C hot radiation sources, without internal heat build-up.

9039457 32,95

Fragrance disc - Intensive active ingredient - fragrance concen- trate*

- Effective for at least 6 months
- Tab for expiration date
- Can be stored unopened for ca. 3 years
- Without mounting

Scent disc with long-term effect, smells "dangerous enemy" for the marten. The simple fastening device with practical hook allows individual attachment. Can be used in car, house, garden or carport. The large evaporation surface provides an intense release of fragrance. With only one fragrance disc it is possible to protect the entire engine compartment. Effective for at least six months.

Danger: H317, H319

9039451 15,95

4B battery ultrasonic device

- Operation with batteries
- Term up to 24 months
- 2 waterproof piezo speakers
- Super slim design
- Frequency modulation against habituation
- Function control lamp, flashing LED
- Waterproof according to IP65, E1 marking of the KBA

Highly effective ultrasonic device with battery operation. Frequency-modulated ultrasonic sounds that signal "maximum danger" to the marten through animal cries of fear and warning. No habituation effect.

Independent of on-board power supply due to operation with two 3-volt button cells (CR2477), long runtime of ca. 24 months per battery set. Ideal for long-term parkers such as classic cars, motor homes, exhibition vehicles or for the carport. **Technical data:**

Radius of radiation: 360°, Angle of radiation: > 170°, Sound pressure: ca. 110 dB

9039454 75,95

High voltage unit with ultrasound- With six PLUS-MINUS CLIP stainless steel contact plates

- Sensor technology
- 12 Volt connection or battery operation
- 2 waterproof piezo speakers (IP65)
- Frequency modulation against habituation
- Function control lamp, flashing LED
- Stainless steel contact plates in super flat slimline design
- E1 marking of the KBA

The clip fastening option of the double-pole stainless steel contact plates facilitates installation and offers even more flexibility, especially for increasingly compact engine compartments. The connection to terminal 15 is omitted due to sensor technology. Thanks to a contact slide attached directly to the unit, the installation of a hood contact switch is also unnecessary.

Technical data: Radius of radiation: 360°, Angle of radiation: > 170°, Sound pressure: ca. 110 dB

7 PLUS-MINUS CLIP, with 12 V connection 9039455 219,-
8 PLUS-MINUS CLIP, with battery operation 9039456 -

Protection against martens by ultrasonic sounds

Marten Free Plus.

Effective and permanent protection against marten bites ca. 80 dB sound pressure, 12-23 kHz frequency in the interval. With function control LED. Protection class IP 54. For 12 V DC
