Sandcrest S + L - Free standing rear tents

- Effortless application and removal
- Large windows with mesh insert and waterproof curtain
- User-friendly, robust zippers
- Vehicle tailgate can be opened from the awning
- Tailgate can be closed and locked with tent attached

Compact rear tent for camping buses. Perfect for camping and short trips for cooking, day shelter or changing room. You'll appreciate the value of the extra space the ingenious Sandcrest S and L offers for more comfortable van living. Thanks to the smart design, you can close and lock the tailgate securely, or leave it open at night while you provide good ventilation in the van with the internal insect screen. With only one aluminum bow, it is very quick to assemble and it has a very small pack size. The clever fastening system means that sliding doors are not blocked by guy ropes. In the large tent entrance is an insect screen window, which can be closed with a waterproof curtain. As a bonus, you can put the door as a sunroof. Fabric roof tent Overland

Color roof: gray / color fabric: carbon

- Built in a flash
- Suitable for all vehicles.
- Transport hood protects against rain and dirt during the journey.
- Equipped with 2 convenient pockets.

Roof tent Overland is a fabric tent with folding system. The ladder on the base plate allows quick and easy opening of the tent. Ladder slippage is prevented by the Automatic Ladder Security System (ALSS). The reinforced aluminum ladder is easy to use and extendable up to 225 cm in length. Its steel rails allow it to function properly even in sand. The entrances can be exposed and used as awnings. The windows are equipped with eaves, mosquito netting and double rollers, so they are resistant to wind and rain.

The Overland - special fabric has properties that meet even strict military requirements. The fabric is thick, durable and breathable. Neither in the wind nor in a morning breeze it flutters or produces noise, ensuring undisturbed nights and a peaceful awakening. The fabric provides excellent blackout.

Scope of delivery: Fabric roof tent incl. 4 clips for attachment to the roof rack, 2 closable side triangular windows with mosquito netting and 2 entrances with mosquito netting, 1 foam mattress, 2 pillows, telescopic erecting poles for the open entrances, 1 vinyl transport hood, 1 height-adjustable telescopic aluminum ladder

Easy System

You can assemble additional poles according to your own needs, as rod and rod end part can be freely combined with each other. Bar end parts can be changed at any time.

When putting together "your" combination, please pay attention to the color dots. Always use larger diameters on top.

Clamping mechanism PowerGrip

- No deformation of the pipe
- Clamping mechanism without galvanized steel parts
- Visually effective
- Can be retrofitted

PowerGrip is a clamping device that makes the screw connection superfluous. The PowerGrip facilitates tent pitching. When unclamping the boom, it is sufficient to press the clamping mechanism lightly so that the tube is locked. This proven system can be subsequently exchanged for the pipe clamp.

Water drainage via spoiler profile

Awning mounting with clamping rod & retractable piping

NOTE: The matching spoiler set with screws and assembly instructions must be ordered separately.

Spoiler set for Multirail/VW/Mercedes/Citroën(90155)

- Rain gutter for awning and roof rack
- Easy attachment of awning and awning with clamping rod or pull-in keder
- Easy installation of the self-adhesive spoiler profiles
- The aluminum rail is already pre-drilled
- Absorption of roof loads up to 100 kg
- For keder thickness 7-8.5 mm

In conjunction with conventional roof rack, you can use it to transport bulky goods such as kayaks, bicycles or surfboards. It is also possible to install the **Multirail** on vehicles with sleeping or pop-up roofs. Here the maximum roof load is 50 kg, approved by VW. The **Multirail** protects you from rainwater running off when the side windows and doors are open by means of the spoiler profile (please order separately).

The Multirail is attached to the vehicle with a special adhesive (Sikaflex 554, see below).

AWNING CARPETS

Patio-Mat –
The ideal complement for
your awning and privacy

- With transport handles
- Accessories: Patio Bag
- With loops for ground nails
- Continuous hem

The Fiamma Patio-Mat, the reliable companion for on the road. The shapely and easy to repair polypropylene mesh, is 100% breathable and feels very comfortable when walked on, especially barefoot. Patio mat is fire retardant and resistant to UV rays, easy to repair if damaged and retains its color and texture.

The mesh is printed on both sides and can therefore be used on both sides. The sides are sewn in the edge with a strong frame. At the corners are also practical loops for fastening with pegs.

TENT CARPETS/ALL-PURPOSE TARPAULINS

Water protection tarpaulin

- Material: 100% PVC
- Dry awning during heavy rain

This practical ground sheet prevents water from entering the tent. 4 separately inflatable air hoses at the edges let the water simply flow past and the inside of the tent remains dry.

Ikafloor – The easy-care floor for permanent tents

For seasonal and permanent campers the hit: A level floor, a carpet that lies flat and no rising cold in the spring and fall seasons.

The assembly is very simple!

No tools are needed, as the elements have locking pins and can be connected like building blocks.

The single element measures 50x50x3,5 cm.

Light weight, size adjustment possible with saw.

IsabellaFloor can be used both with or without carpet overlay.
